

Fitzwilliam College Chinese Undergraduate Scholarships

Fitzwilliam College is delighted to offer up to three scholarships of £10,000 per year, tenable for up to four years, to undergraduate students of Chinese nationality.

These Scholarships are available to students from the mainland Peoples' Republic of China (PRC) who:

- have received an offer to study on any undergraduate degree course at Fitzwilliam College, Cambridge;
- have been largely educated within the PRC;
- have very modest financial means;
- demonstrate outstanding academic ability and potential

Those students interested in being considered for one of these Scholarships are required to have been admitted to the University of Cambridge by Fitzwilliam College.

Prospective candidates are advised that the academic standard required for the award of a Scholarship is very high and reaching the standard required for admission to the University of Cambridge will be no guarantee of an award. These Scholarships are limited in number and will be awarded, provided there are candidates of the requisite academic standard, to qualifying students on a competitive basis.

For any further information, please contact the Fitzwilliam College admissions office: admissions@fitz.cam.ac.uk.
