

FITZWILLIAM COLLEGE

MEDICAL AND VETERINARY SOCIETY

Dear Fitz Alumnus

Fitzwilliam College Medical and Veterinary Society will be hosting its annual dinner on Saturday 18 February 2023. We would be delighted if you were able to join us along with other alumni, current students, and Fellows.

FCMVS has bounced-back well after the COVID pandemic, continuing age-old traditions like the termly night as well as expanding horizons through the pilot of the FCMVS mentorship scheme, an outreach programme aimed at widening state school accessibility to medicine at Oxbridge.

As the flagship event in the FCMVS calendar, we hope that this night provides an opportunity to meet new people, catch up with old friends and engage with the wider FCMVS community.

The evening will begin at 6:30pm with a drinks reception in the Upper Hall of Fitzwilliam College where the hustings for the next presidency will be held.

This year, we are very excited to announce that our guest speaker is Dr Mahiben Maruthappu MBE, co-founder of Cera, a home healthcare company and one of the largest social care providers in the UK. As well as being a physician. Mahiben is a senior fellow to the CEO of NHS England where he advises on health policy and technological innovation. Cera is one of Europe's fastest growing businesses, achieving more than \$300m annual revenue since its birth five years ago, earning Mahiben a place on Forbes' 30 under 30 list. It is an absolute honour to be able to welcome Mahiben to FCMVS, where we are all eager to learn more about his journey and successes.

The cost of the four-course dinner, including reception drinks and wine, is £50. You are very welcome to bring a guest if you wish. Please book online by 16th January at:

<https://www.fitz.cam.ac.uk/events/2023-fcmvs-dinner>

We look forward to welcoming you on 18th February.

Please do not hesitate to contact us if you have any questions.

Yours faithfully,
Buraq Ahmed & Justine Chan
