

College (Level 1) Statement

Fitzwilliam College is a Data Controller under the Data Protection Act 1998. We hold information for the purposes specified in our notification to the Information Commissioner, including the provision of education, student and staff support services, staff, agent and contractor administration, and alumni relations (including fund raising initiatives) and we may use this information for any of them. You may see the full notification at <https://ico.org.uk/ESDWebPages/DoSearch> using registration reference Z8356280.

The College operates in close partnership with the University of Cambridge, making use of shared systems, databases and infrastructure as well as co-operating on initiatives which are in the collective interests of the combined University. We may share information with the University provided it is directly relevant to the College's objectives.

We will not give information to anyone outside the College or the University and their affiliates and associated bodies unless the law permits us to do so, or we have your express permission to do so. For more information go to <http://www.fitz.cam.ac.uk/about/freedom-of-information> and look for Data Protection Policy.

If you have any queries, wish to restrict data processing or sharing including use for marketing or do not want to be contacted by the College, please inform us. (Minimal information is always retained to make sure you are not contacted again inadvertently: name, subject, matriculation and graduation details, USN and date of birth.) You will need to contact the University separately if you wish to restrict University data processing, sharing, marketing or contact. We will publish any changes we make to this data protection statement and, where appropriate, notify you by email.
